Benefit Summary

Founded in 2002, Teladoc is a national network of physicians who use electronic health records, telephone consultations and online video consultations to diagnose, recommend treatment and write short-term, non-DEA-controlled prescriptions, when appropriate. Teladoc doctors are board-certified in internal medicine, pediatrics and family medicine. Consultations are available 24/7/365 with no fees and no time limit, allowing members to access quality care from wherever they are as opposed to more traditional and expensive settings like the doctor's office, urgent care or emergency room.

From your home, office, hotel room, or vacation campsite, simply make a phone call, and in most cases, speak to a doctor in less than 30 minutes, with an average call back time of less than 10 minutes. When you call Teladoc, you will always speak to a doctor who lives and works in the United States and is licensed to practice medicine in your state. Teladoc is also the only telemedicine provider able to treat children from 0-17¹. It's health care that fits in the palm of your hand.

 **95%** member satisfaction rate with Teladoc.

 **92%** of Teladoc members resolved their medical issue with Teladoc.

Call Teladoc:

- When your physician is not available
- For non-emergent medical care
- After normal hours of operation
- When on vacation or a business trip
- For second opinions

Teladoc Treats Non-Emergency Medical Issues such as:

- Cold and Flu symptoms
- Bronchitis
- Allergies
- Poison Ivy
- Pink eye
- Urinary tract infection
- Respiratory infection
- Sinus problems
- Ear infection
- and more!

Teladoc is simply a more convenient way for you to resolve many of your medical issues.

¹Consults for children under the age of 18 must be accompanied by a parent, guardian, or approved consentor.
