Calculate Your Income and Expenses

Your Monthly Income _____

Your Monthly Expenses _____

Difference _____

How much of the difference would you be willing to set aside each month to protect your income? _____

Disability Income Insurance Benefits Can Add Up

As the chart above showed, a person's income potential over time can be quite impressive. The same concept holds true for the value that disability income insurance provides if you suffer an illness or injury that prevents you from returning to work.

Age of disabling event	Years of disability income insurance protection benefit potential (maximum policy age of age 67)	Total disability income insurance benefits received
32	35	\$2,520,000
42	25	\$1,800,000
52	15	\$1,080,000
